2017 REVIEW

Before: unhealthy & inaccessible

After

During 2017, the Tenufa team completed 306 projects for welfare clients in 9 cities throughout Israel

2017: A Record Year!

2017 - thanks to your support - was Tenufa's best year ever:

- * We repaired 306 homes - 20% more than 2016.
- * We have now repaired a total of over 4,400 homes!
- * We grew from 7 to 9 cities, adding Kiryat Gat & Kiryat Malachi.
- * Our work gave a "hand-up" to hundreds of Israel's most impoverished families:
 - 113 elderly citizens, including 26 Holocaust survivors
 - 70 single-parent and immigrant families
 - 50 families with physically/visually impaired members
 - 15 homes of soldiers - and more.

In 2018, with your help, we will continue expanding with the goal of wiping out Israel's most desperate housing cases. We are now initiating work - with the blessing and support of local municipalities - in new regions, while finalizing our "Cluster Plan" for scaling our operations.

Decent housing is a "hand-up" that restores dignity and transforms the future for impoverished families. HELP US GIVE FAMILIES A FRESH START AND A NEW LEASE ON LIFE!

Tenufa carries out essential repairs at no cost for Israel's neediest citizens. We are the only organization that carries out this work on a day-to-day basis - and we do it all over Israel.

306 PROJECTS COMPLETED IN 2017!

113 Elderly Citizens & Holocaust Survivors

Tenufa crews fixed roofs and windows, renovated kitchens and bathrooms, painted and caulked for senior citizens struggling to live with dignity.

70 Single-Parent Families

We gave a fresh start to single parents unable to provide their children with a safe and nurturing environment.

50 Families With Physically/Visually Impaired Members

We replaced bathtubs with accessible showers, made doorways wide enough for wheelchairs and improved general access for 50 families.

15 Homes of Soldiers

We carried out essential repairs to give soldiers a warm and inviting house to come home to during breaks from the field.

HELP US WIPE OUT ISRAEL'S MOST HEARTBREAKING HOUSING CASES

Last year, after finishing our 450th project in Hadera, the mayor shared something extraordinary: our modest workforce, carrying out projects day-in and day-out for 6 years, had wiped out almost all of the city's worst housing cases!

With a proven model and years of experience, we are ready to replicate this success throughout Israel. By launching our services in additional cities, we can wipe out the majority of desperate housing cases throughout Israel's center!

GOALS OF THE CLUSTER PROJECT:

- * 2,500 apartments
- * 6 teams, each with 2 tradesmen and a social worker
- * Budget: \$1 million/year for 5 years

CLUSTER PLAN: \$1M/YEAR for 5 YEARS

PLAN GOALS:

- Wiping out desperate housing cases throughout Israel's center
- Restoring dignity & kick-starting a brighter future for Israel's neediest families
